

Environment Setup - IBM Cloud Account Creation

Team ID	PNT2022TMID27467
Project Name	Newspaper Tracker Application

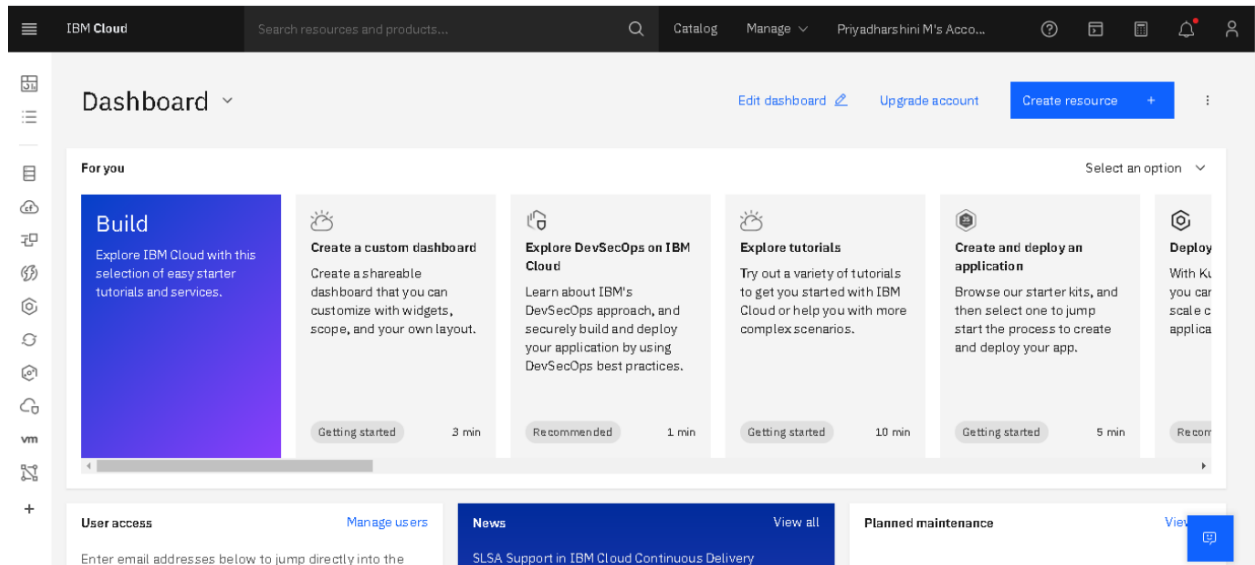

TEAM MEMBER 1 - JESINTHAN J (TL)

TEAM MEMBER 2 - ANISHA IMMACULATE A

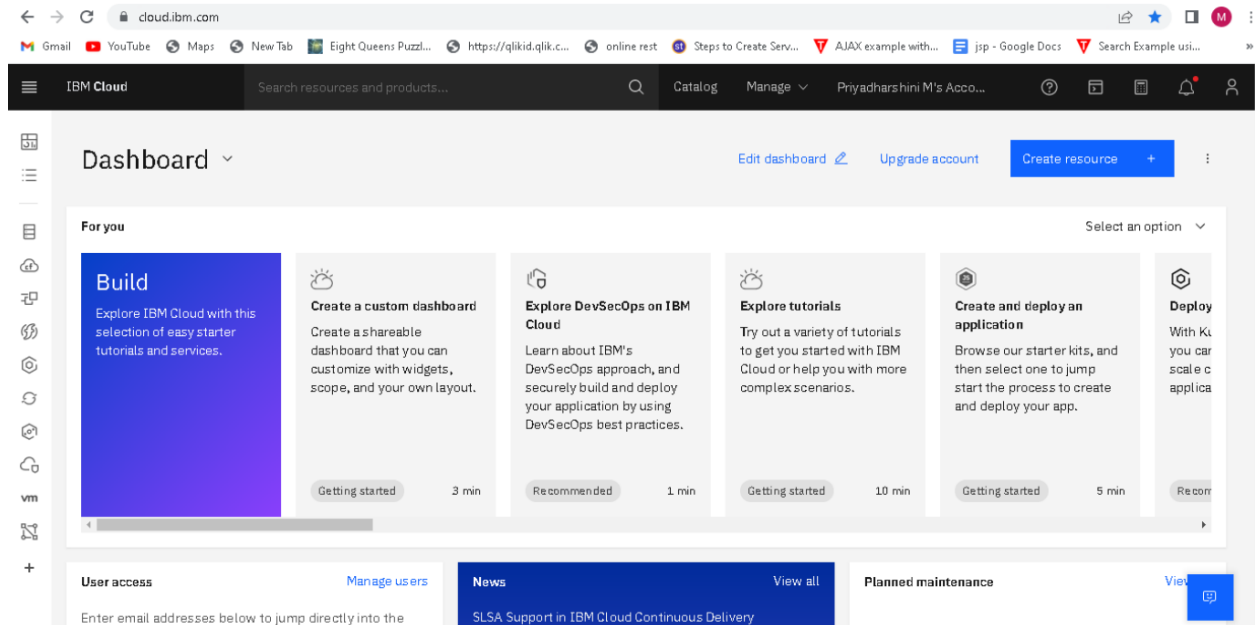

TEAM MEMBER 3 - DEVIPRIYA P

The screenshot shows the IBM Cloud Dashboard interface. At the top, there is a dark navigation bar with the IBM Cloud logo, a search bar, and links for Catalog, Manage, and the user's account (Priyadhars hini M's Acco...). Below the navigation bar, the main content area is titled "Dashboard" and includes links for "Edit dashboard", "Upgrade account", and a prominent "Create resource" button. The dashboard is divided into two main sections. The top section, labeled "For you", features a horizontal carousel of cards. The first card is "Build", which is highlighted in blue and purple, and describes exploring IBM Cloud with easy starter tutorials. Other cards include "Create a custom dashboard", "Explore DevSecOps on IBM Cloud", "Explore tutorials", "Create and deploy an application", and "Deploy". Each card has a "Getting started" button and a duration (e.g., 3 min, 1 min, 10 min, 5 min). The bottom section contains three main blocks: "User access" with a "Manage users" link, "News" with a "View all" link and a featured article titled "SLSA Support in IBM Cloud Continuous Delivery", and "Planned maintenance" with a "View" link.

TEAM MEMBER 4 - CRYSTAL DARLING

This screenshot shows the same IBM Cloud Dashboard interface as the one for Team Member 3. It includes the same navigation bar, dashboard title, and "Create resource" button. The "For you" section features the same carousel of cards: "Build", "Create a custom dashboard", "Explore DevSecOps on IBM Cloud", "Explore tutorials", "Create and deploy an application", and "Deploy". The bottom section also contains the same "User access", "News" (with the "SLSA Support in IBM Cloud Continuous Delivery" article), and "Planned maintenance" blocks. The only difference from the previous screenshot is the browser's address bar at the top, which shows the URL "cloud.ibm.com".
